WHO WILL WIN QUEEN CONTEST?

Spirited Rivalry Is Seen At Start Of The Rodeo Campaign

Entries in the Princess of the Redwood Empire Contest will officially begin their campaign today and, with more than 10 young ladies in this vicinity in this unique event, it is expected the contest will draw unusual interest throughout this section. Many stories have already appeared regarding the princess in the bay cities press and many letters have been received at the headquarters of the contest, 413 North State street, with inquiries about the details and hotels throughout the northwest have volunteered to entertain the successful candidate on her 10-day vacation tour into the Evergreen Playground in the north following the Rodeo.

How It Is Done.

The campaign is being conducted through the medium of a ticket sale for the Grand Pageant, La Fiesta, that is to be given at the Rodeo grounds on the last night of the Rodeo, Sunday, June 14. This pageant, together with the vaudeville entertainment that will be given in the high school auditorium on the first two night of the Rodeo, is under the supervision of the San Francisco booking office of Radio-Keith-Orpheum and the pageant will be directed by Earle Caldwell of that office and the orchestra that will furnish music for the pageant will be conducted by Jack Hayward, one of the best known orchestra leaders of San Francisco. He will bring with him 15 talented players; these will be augmented from the ranks of the local musicians.

Get Busy Now.

The second prize in the contest is a week's vacation trip to San Francisco, Los Angeles and southern California resorts, as a guest of the Rodeo and other prizes will be offered the runners-up in the contest in the order of third, fourth and fifth. The entries for the contest closed Saturday and no further entries will be considered. The official ending of the race is set for Wednesday, June 10, two days prior to the opening of the Rodeo.

Charles McMaster, of Greenwood, was a business visitor here Friday.

Naval Men Enjoying Vacations In Ukiah

Two Ukiah boys, who are members of the U. S. Navy, are enjoying a furlough. The boys are Normie Staples, foster son of Mr. and Mrs. Guy Elliot, who arrived here last week from Seattle where his ship, the Oklahoma, was in port. He will be relieved from duty for 30 days. Melvin Gibson, son of Mr. and Mrs. Charles Gibson, is expected this week. He is on the same ship but came south with his vessel for naval maneuvers at San Pedro. He will enjoy a 25 days' furlough. Since their enlistment three years ago both young men have been together in the service.

ILL-LUCK HAS PURSUED THEM

Never-Ending Misfortune Follows The Ammermans

A re-echo of the Ammerman tragedy which took the life of Mrs. Earle W. Ammerman and seriously injured her daughter, Margaret Ammerman, teacher at that time in the Mendocino high school, in an automobile accident in Anderson Valley, was heard last week when announcement of the accidental death of Kenneth Ammerman, 21-year-old son of the family, was made at San Rafael.

Carrying Loaded Gun Cocked.

The young man died when he slipped and fell while hunting rabbits, the 30-30 rifle he was carrying being discharged, the bullet entering his chest.

Mr. and Mrs. Leonard Michaelsen will pass the weekend holiday at Eureka with Mrs. Mary Michaelsen, mother of the local young business man.

ALL IS READY FOR A GUSHER

Preparations At Coast Well Indicate Hopes Are Running High

(Special Correspondence of The Press)

POINT ARENA, May 26. — The high school annual, The Foghorn, is out this week and is better than ever and this is not to be wondered at because the picture of the staff looks like the combined staff of a couple of big city dailies.

Mr. and Mrs. H. Peyton were in Point Arena early this week visiting at the home of Mr. and Mrs. Lee Drew.

Nephew Is Dead.

Word reached Mr. and Mrs. Albert Deltorchio Monday their nephew, Americo Beltramini, died at Santa Maria and his remains were buried there. Mr. Beltramini came to this country about three years ago.

Is Beautifying Home.

Fred Bishop has torn down his old house in Manchester and his new residence can now be seen from the main road. Mr. Bishop is getting the ground in shape for a lawn, which will add greatly to the appearance of his attractive new home.

Erecting A Residence.

Em Fairbanks has purchased a piece of ground from Fred Bishop, just south of Manchester schoolhouse, and is building himself a house. After June 1 Mr. Fairbanks will be at home to his friends there.

Retain Present Teaching Staff.

The high school trustees have engaged the same corps of teachers another year. We are glad to have Messrs. Pennick and Drew and Mrs. McMillan and Mrs. Ornbaun remain in our community.

Oil Man On Ground.

Edgar Pugh, one of the principal owners of the Twin States Oil Co., and Harry Maxwell, general manager, arrived in Point Arena Monday.

Ready For Big Event.

Another 40x40 sump has been fixed up to hold oil when and if it is struck. The drill has gone through the cement into sand and the tools have been removed. What is called in oil parlance a Christmas tree has been installed over the well. This is an arrangement of pipes and valves put up to control oil and gas flow in the event any is struck. At the present time the crew is swabbing out the well and when the well is cleaned they will attempt to bring it in.

Indications Are Favorable.

The water taken out of the well has a good covering of high grade oil over it in the sump and everyone is looking forward favorably to this being a producing well.

W. C. Duncan returned Monday from a business trip to San Francisco.

Fred Arnold came over Monday from Ukiah to get his regular mess of abalones and fog.

O. E. S. Official Visits.

Willa Jane Helwig, worthy grand matron of the Eastern Star, made her official visit to Point Arena chapter Tuesday night. Degrees of the order were conferred on two candidates so the worthy grand matron could inspect the work of the local chapter. After the business of the evening a banquet was served.

Mr. and Mrs. J. Butterfield, of San Francisco, were in Point Arena Tuesday night attending O. E. S. meeting. Mrs. Butterfield is one of the officers of the grand chapter.

Cows Are Healthy.

Dr. F. G. Whitehead, state veterinarian, has completed testing the cattle in the coast section for T-B. In 2000 cattle tested from Bridgeport south only two reactions were found. This is a remarkable record and speaks well of T-B eradication work that has been carried on here the last few days.

Mr. and Mrs. J. D. Jensen and son, James, went to Tomales Wednesday to get acquainted with their new relative, the little daughter of Mr. and Mrs. T. F. Liefrinck.

Crops Are Advanced.

Everything is about one month earlier than usual this spring and considerable hay is already cut on the coast. Ordinarily July 1 sees the first of the hay cutting. Early hay is very good but the late stuff is apt to be short owing to lack of spring rains.

A School Affair.

Friday night the juniors of the local high school entertained their classmates together with their parents. Dancing was enjoyed and delicious refreshments served.

Wm. Tull, who lived several years ago on the John Shore place in the Bushy Opening, came to Point Arena one day this week to visit a while.

Erecting A Home.

Cecil Gasper is building a new bungalow on his ranch on Brush creek.

Night Rider In Bad.

Herman Deltorchio gets not only speed, but noise as well out of his motorcycle. One night the past week he gave several of the boys rides up and down the main street hill in the small hours of the night. He was haled before the local magistrate, who assessed him $5 for his night riding.

Took In Picnic.

Mr. and Mrs. Ed Gordon and Mr. and Mrs. Will Lawson were among the Point Arenaites who drove to Bear Wallow to attend the dedication ceremonies at the State Park.

To Embellish Store.

Dick Anselman, who has been painting in Gualala the last two months, came up to Point Arena to do some interior decorating for the Point Arena Bakery and also the Point Arena Meat Market.

Mrs. George Miller has returned from an etxended stay in San Francsco and is comfortably domiciled in her home on Miller Hill.

Mr. and Mrs. Ralph Bayley, Mr. and Mrs. J. J. Caylor, Mr. and Mrs. C. F. O'Brien and Mr. and Mrs. W. H. Smith drove over into Lake county recently, passed the night near Lakeport and returned Sunday. They report a pleasant, though warm trip.

Club Gave Dance.

Monday night the Civic Club entertained at the regular social night. Dancing, cards and refreshments occupied the evening and all had a good time.

Mr. and Mrs. Walter Storer and family, of Ukiah, and Mr. and Mrs. H. Nash, visited at the Jos. Bishop home last week.

Dr. J. H. Whitehead, state veterinarian, was in the Point Arena section last week testing for bovine tuberculosis.

Mr. and Mrs. Gus Jahnigan and Mr. and Mrs. Roy Ward, of San Francisco, passed Monday night in Point Arena.

Mr. and Mrs. N. P. Howe and Mr. and Mrs. Walter Smith attended the picnic at Bear Wallow.

Henry Halliday, John Stornetta and Joe Scaramella attended the meting of the Board of Supervisors, prepared, in case any opposition should appear, to support the proposed T-B free area plan in this county. However, the matter was disposed of without opposition and coast dairymen are greatly pleased.

Mr. and Mrs. J. H. Halliday left Wednesday for Fort Jones, Siskiyou county, where they will visit Mr. Halliday's sister, Mrs. Meamber.

HOPLAND MAN GOT CONTRACT

James W. Bertram Was The Low Bidder On Highway Work

(Special Correspondence of The Press)

HOPLAND, May 26. — Bids were received last week at the office of the Division of Highways, Sacramento, for surfacing with crushed gravel 20 feet wide, six inches thick, the highway between Piercy and the northerly Mendocino county line, a distance of 2.1 miles. James W. Bertram, of Hopland, was the low bidder, his bid being $7,131.25. Two of the sharpest turns, located at most unexpected places, existed along this stretch of road to be improved. As soon as the surfacing is completed it is intended to place a new top wearing surface, or armor coat, of rock and oil.

Mrs. Charles Meyers, who has been the guest of Mrs. John Bogardus and other friends since March, is leaving to go to Los Angeles to a relative who is ill. Mrs. Meyers has leased her ranch here to Mr. and Mrs. H. Bee. She will not return soon.

Bridge Club Met.

Entertained Garden Club.

Mesdames Thomas Glatt and T. J. Geary entertained the Garden Club at the temporary residence of the latter. All was merry and enjoyable, through cards, conversation and the refreshment service, always made a feature of Garden Club affairs.

Did Their Part.

Sanel Valley's reception to the farm delegation was arranged by a committee headed by Judge Don Ward and members of the Farm Center hereabouts that motored out to greet the guests at Duncan Springs and escort them to Sanel Rancho, where they were received by C. M. Avery. R. D. Foote ably demonstrated the theory and illustrated the progress of sheep raisers.

Enjoyed The Exhibit.

The high school and community here enjoyed the art exhibit held recently to the fullest extent and by splendid patronage was able to secure coveted copies of masterpieces to hang on the school walls. The exhibit was grouped at Oklahoma.

Valley Was Shocked.

The whole Sanel Valley is mourning the sad and untimely death of William Harding, local young rancher, who suffered injuries when thrown from a horse which resulted in his death lately at Ukiah.

Were In San Francisco.

Among the many visiting ladies of Sanel Valley during the past weekend in San Francisco were Mesdames T. J. Geary, R. Miller and N. J. Kvale.

Mr. and Mrs. J. Polhemus, of Ukiah, were Pomo Inn guests Sunday.

Like The Selection.

Sanel Valley people generally are rejoicing over the recognition given Hon. H. L. Preston, now an appellate judge. His gain is our loss, which fact we surely recognize.

A MOTHER CAT ADOPTS RABBIT

Unusual Situation Seen In Redwood Valley Animal Life

(Special Correspondence of The Press)

REDWOOD VALLEY, May 26. — Mrs. J. Detwiler and son, Henry, of Oceanside, accompanied by Mr. and Mrs. Chas. Whitney and four daughters, of Santa Rosa, were callers at the Watson-Kistler home recently. Both parties lived in the valley a numbers of years ago. The Detwilers formerly owned the Nels Nelson property and it has been 15 years since they left. They note many changes that have taken place during that time. Mrs. Detwiler was delegate to the Rebekah Lodge convention at San Francisco.

Club Made Money.

The 4-H Club girls took in $7 at their card party lately held. Mrs. L. Lawson and George Thompson won first prizes for having the highest score. A cake was raffled and R. Ford won it. The money is to be used toward meeting necessary expenses for members of the club to attend the conference at the 4-H pleasure camp in Lake county which will be held in June.

Mrs. Jack Goudge and Mrs. J. Branson were hostesses to the C. S. S. A. Thursday afternoon.

In New Home.

The Walter Winsby family have moved from the F. A. Howland house to the Jack Winsby ranch.

Miss Elsie McMinn came up from Ukiah and passed the weekend with Mayme and Marvina Ford.

A Foster Mother.

Little Rosalind and Alfred Gullickson have some little rabbits and one little one in some way fell from its nest and, since it is the nature of the mother rabbits to refuse to care for their young, if handled, the baby rabbit was given to a mother cat who immediately adopted it as her own and it is truly interesting to see the affection she has for it.

School Picnic Held.

The Redwood Valley school had a joint picnic with a number of schools in the county which was held at the Ukiah municipal park recently. The school party from Redwood was sponsored by the local P. T. A.

Mrs. J. Branson has been enjoying a visit from her sister, Mrs. Grace Stoags and family.

Mrs. Traub Better.

Mr. and Mrs. L. Walitschek enjoyed a visit during the week from Mr. and Mrs. J. Shaner, of Daly City.

Had A Misfortune.

F. Lolouis lost a valuable horse last week.

Lose Valuable Man.

It is with regret the resignation of Prof. F. Zeek, principal of the Redwood Valley school, has been accepted. Mr. Zeek has taken a better position in the elementary school at Calistoga and the best wishes of all go with him to the new field. He and his family will be greatly missed here. Mr. Zeek has been an exceptionally fine teacher and his ability as a musical instructor has been one of his particular accomplishments. The development and training given the pupils of Redwood Valley school band under his leadership has been little short of marvelous and it will be difficult to find another to take up and carry on in this line. His kindliness and interest in all educational aspects has inspired and endeared him to the pupils during the entire three years in the school.

Mrs. Mathews Sick.

Harry Matthews has gone to Oakland on account of his wife's illness. Mrs. Matthews had a throat infection some time, which has impaired her health to the extent it is a serious question whether an operation, which her physician deems necessary, should be undertaken.

It Is A Boy.

Mr. and Mrs. C. M. Goudge are welcoming a 7½-pound boy, born May 11. The little stranger has been named Jimmie Stanley. He and his mother are getting along nicely.

Meet Friday.

CLEVER CROOK UNMASKED

(Continued From Page One)

spinal fluid, the patient vigorously objected, absolutely refusing to submit to the operation, which is said to be quite painful. Knowledge of this fact, however, would be absolutely unknown to the average layman.

His New Mexico Record.

Reports which have come from Western New Mexico say Frank Marque, which is not believed there to be his name, was found the night of February 7, semi-conscious, on a roadside 33 miles from Lordsburg. His pockets had been turned inside out, and he told authorities, when he was able to speak, he had been robbed of $800 by a "hitch-hiker" whom he had picked up for a ride and who had slugged him and thrown him from his automobile. The machine, he said, had been taken by the thug.

Used Same Methods Here.

These circumstances were almost identical with those marking his short stay in this section, even to the amnesia pose. In two particulars, however, his stories varied. In Cloverdale he had said he was a physician, a graduate of Harvard Medical College, and a resident of Boston. In Lordsburg he asserted he was a laboratory expert, a graduate of Tulane University, and a resident of New Orleans for the past two years. He gave the name of "T. A. Marque" after he "recovered" his memory.

What He Did.

Sympathy aroused by his case resulted in his being employed by Dr. E. C. DeMoss, in whose hospital he had been treated, in the hospital laboratory at Lordsburg. He had the sympathy and gained the confidence of the community during the several weeks he was employed. He is said to have used this confidence to obtain credit, the clothing he wore when found in this county having been bought "on time" in Lordsburg. May 1 Dr. De Moss gave him a check for $65, and on May 2, after banking hours, Mr. Marque is charged with having forged two more checks for the same amount, both of which he cashed.

Swindled A Woman.

A woman lent him a $250 ring, and this he is accused of having taken with him when he left Lordsburg early on May 3.

Unheard Of In South.

When he was missed a check of Tulane College showed no one named Marque had ever been graduated and no New Orleans laboratory ever heard of him.

Was A Confederate.

Local officers believe the man who gave Mr. Grant and the truck driver information he had passed a man lying near the highway was, probably, a pal of "Mr. Marque" and, upon "Mr. Marque's" recovery, would have helped him make a get-away.

What Was Intended.

Undoubtedly, as soon as "Mr. Marque" was "well enough" to get around, he would have defrauded sympathetic people at Cloverdale the same as he did in New Mexico.

A. A. A. Officials Were Dined Here

The Mendocino county headquarters of the California State Automobile Association in South State street, was the scene of an official visit of district officers Friday when Dan Lafferty, of Santa Rosa, president of the California State Automobile Association, and his staff were here for a luncheon meeting. The other visitors included D. E. Watkins, of San Francisco, secretary and general manager of the company, who was accompanied by his wife; George S. Grant, of San Francisco, manager of the touring bureau, and his wife; Ukiah District Manager E. W. James and wife; A. T. Bradley, Mendocino coast manager, and wife; F. P. Savage, Lake county representative, and Miss Mae Bechtol, secretary. The officials have been touring the northern part of the state, going by way of the Pacific Highway and returning over the Redwood Highway. Speakers at the luncheon were Mr. Lafferty, Mr. Grant and Mr. James.

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea — a condition that should always be checked without delay. Just keep Castoria handy and give it promptly. Relief will follow very promptly; if it doesn't you should call a physician.

No harmful after-effects follow its use. It does not depress the heart.

YOUNG WIFE, AFRAID TO EAT, LIVES ON SOUP

"Afraid of stomach gas, I lived on soup for five months. Then I tried Adlerika and now I eat most anything without any gas."—Mrs. A. Connor.

Adlerika relieves stomach gas in TEN minutes! Acts on BOTH upper and lower bowel, removing old poisonous waste you never knew was there. Don't feel with medicine which cleans only PART of bowels, but let Adlerika give stomach and bowels a REAL cleansing and get rid of all gas!—Morris Drug Co. Advt.

TO THE PUBLIC

Correcting the quotation of Editor Thurston in last week's Dispatch, I wish to state that I am not building a dance hall to keep Ukiah people away from Lake county. If I do run a dance hall during the summer, it will be for the pleasure of those who do not care to drive as far as the lakes and still would like to have summer dances near Ukiah. I further wish to state that I am friendly with the Curry All-Stars, also the management of the Airdrome, and wish them success beyond their highest hopes for the season.

1-1c JACK CROW.

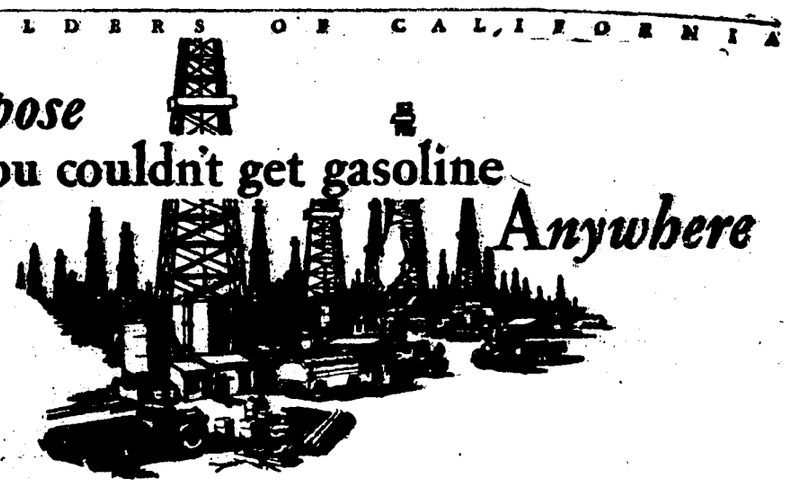
★ BUILDERS OF CALIFORNIA



IMAGINE: Every motor vehicle in California *stopped dead* for want of fuel.

It would not happen, of course. But it does illustrate how *everyone* depends on gasoline. California motorists, in 1930, used *one billion, three hundred million* gallons.

In production, refining and distribution, the petroleum industry employs an estimated 300,000 people throughout the state. Such widespread operations enable the major oil companies to make extensive use of the statewide service of this Bank.

With 200 separate Bank of America accounts in 147 communities, these companies collect thousands of small checks quickly; transfer funds with minimum delay and expense; obtain accurate reports and appraisals from widely-separated localities; simplify their accounting and effect other economies which mean improved service to motorists.

The Bank also serves approximately 75,000 *individual* depositors in the industry—any one of whom may be suddenly transferred to another territory. In this event, the Bank will promptly forward funds — and even valuables in safe deposit — to any branch; and with a letter of introduction, the customer quickly feels at home.

Bank of America is organized to give complete, convenient service to any business man — to any family — to *you*.

N. Y. Physician Tells Of Sargon's Powers

Dr. G. H. Warburton, Graduate of Famous Bellevue Hospital Medical College, New York, was so convinced of the great good in Sargon that he recently declared:

"It is not what we eat that counts, but what we assimilate. Sargon helps us get more good out of our food, thus aiding the natural building up of enduring strength, firmer flesh, calmer nerves, improved brain power and a sense of physical well-being. You eat with a keen appetite, sleep with a new peaceful soundness and wake up with a feeling of renewed strength and energy."

While those who actually benefit from the use of Sargon marvel at the results of this triumphant compound, only the trained physicians who have been retained to examine the formula can understand why Sargon is now considered one of the great outstanding health giving remedies of the age.
